

Dear FirstName,

February 7th will mark six months since Dana launched his campaign for governor of Wisconsin. This week, Wachs for Wisconsin launched **Week One** - a campaign demonstrating Dana's readiness to tackle the most important issues facing Wisconsin's next governor.

On the launch page of Week One (danawachs.com/weekone), Dana writes:

"If elected your governor, I'll work tirelessly for you every day. The first week of my administration will set the priorities for my work for you. Let's fight for Wisconsin's future together!"

The devastating impact of eight years under Scott Walker grows every day. Wealthy corporations line their pockets **on the backs of Wisconsin's working families**.

Will you make your donation of \$5, \$25, \$50, \$100, \$250, or \$500 today and support Dana as he travels the state, sharing his message of moving our state forward?

Under a Wachs Administration, change will begin **Week One** with Dana tackling the important issues¹ that will **move Wisconsin forward**:

- **Health Care:** Ensuring every Wisconsinite has access to affordable, quality health care; expanding eligibility of BadgerCare for people with low incomes; protecting people with pre-existing conditions; protecting access to women's health services; and improving health services for our seniors and veterans.
- **Grow & Innovate Wisconsin Initiative:** Ensuring Wisconsin is a leader in job creation and growth—accelerating Wisconsin's economy and putting it to work for all including increasing the minimum wage to \$15 an hour; increasing efforts to support entrepreneurs and small businesses; and, developing a plan for extending high-speed broadband to every corner of the state.
- **Wisconsin's American Dream Initiative:** Ensuring that anyone who works hard and plays by the rules has an opportunity to achieve the American dream by increasing early childhood and public school funding, relieving the crushing weight of student loan debt, and enacting a Wisconsin equal pay law.
- **Great Outdoors Initiative:** Protecting Wisconsin's abundant natural resources for all to enjoy by ensuring Wisconsinites have access to clean air, water, and land by establishing a task force charged with growing a clean and green economy; combatting Chronic Wasting Disease; and increasing support for Great Lakes restoration efforts.

¹These are select highlights of the Week One plan. Complete details at www.danawachs.com/weekone.

Investment in Wisconsin's future takes a smart leader with a detailed plan **ready for implementation on Week One**. Dana is that leader. I'm writing you today, asking for you to make an investment in the future of Wisconsin by supporting Dana and Wachs for Wisconsin.

Your donation today of \$5, \$25, \$50, \$100, \$250, or \$500 is an investment in our state, and in every Wisconsinite looking for an administration for all of Wisconsin, not the wealthy few.

Think about all we have lost under Scott Walker.

Walker declined to fully expand BadgerCare when he refused additional federal Affordable Care Act money, thereby **costing the state millions of dollars and denying healthcare to over 87,000 Wisconsinites**.

Walker chose to reward the interests of a Taiwanese billionaire and a company with a **horrendous labor record** with three billion dollars of Wisconsin taxpayer money **over the interests of hard-working middle class families**.

Because Walker signed Act 10 into law six years ago, there is now **a shortage of school teachers**, the salaries and benefits for Wisconsin teachers has **dropped by 12 percent**, and there has been an increase in teachers **either leaving the profession or moving out of state**.

By replacing the state's False Claims Act, Walker **cost Wisconsin taxpayers an estimated \$11 million dollars** in settlements from companies that defrauded the Medicaid program.

Walker has **passed numerous policies that restrict women's access to healthcare** and has **signed abortion restrictions that threaten doctors for providing safe and legal abortion**.

Walker has **crippled the state's ability to monitor and manage the increasing threat of chronic wasting disease** in our state's deer population with only voluntary CWD testing.

Wisconsin simply can't afford four more years of Scott Walker. Eight years is enough.

Join Dana by making your donation of \$25, \$35, \$50, \$100, \$250, or \$500 today to provide the critical resources we need to share Dana's message for moving Wisconsin forward after eight disastrous years of Scott Walker?

Dana needs you on his team in 2018. Together, we will mobilize grassroots supporters throughout Wisconsin, deny Scott Walker four more destructive years, and elect a true leader who is ready to lead on Week One as the new governor of Wisconsin.

Please mail a check made out to "Wachs for Wisconsin" in the enclosed envelope. You can also give at www.DanaWachs.com (where you can read more about Dana's campaign!).

Thank you for your support and for standing with Dana, and **thank you for investing in Wisconsin's future**.

Onward,

Christopher Mills, Finance Director
